*Improving Time at Home  
Through Changes at Home*

# Free Interactive Caregiver Workshop

For the Lay Caregiver of a Person with Memory Loss  
*Enhance Quality of Care. Improve Knowledge.  
Reduce Stress.*

## WHO

**Memory Care Home Solutions** offers an environmentally driven, hands-on dementia care one-hour training program specifically designed to enhance knowledge, build skills, and improve capabilities. **Memory Care Home Solutions** offers **FREE** training to the following:

- Places of worship
- Places of business/work
- Community groups (Rotary, Elks, VFW, etc.)
- Social groups

## WHAT

An **Interactive Caregiver Training Program** to help:

- Improve communication
- Promote person-centered care
- Reduce caregiver stress
- Develop strategies to deal with difficult behaviors
- Modify daily activities to promote independence for the person suffering from memory loss
- Transform the individual's environment into a healthy, safe and comforting place

## WHEN

- A one-hour interactive training session that best meets the needs of your members or employees

## WHERE

- Training is available within your organization, place of worship or place of work

## WHY

- To enhance and improve time at home with your loved one
- To educate your members, congregation, parish, or group about communicating with an individual with memory loss
- It will pay for itself many times over in staff recruitment, stability and performance
